Maternity Session Packages – \$225.00

"A mother's joy begins when new life is stirring inside... when a tiny heartbeat is heard for the very first time, and a playful kick reminds her that she is never alone."
(Pregnancy Quotes.net)

I remember being pregnant, every time I felt my daughter move or kick there was an excitement and a joy. I did not become a mother the day she was born, it was the day I found out she was growing inside me. From her first ultrasound picture to maternity pictures. I cherish each and every picture I have of her. Now my daughter really appreciates all of these pictures, even when she was playfully kicking my from inside. Maternity sessions can be with just the mother to be or include the father to be. We can take these pictures at any time. Maternity sessions are relaxed and laid back. It should be looked at as a day in the park with your partner.
